8-002.05 UPPER SANTA ANA VALLEY – CAJON

Basin Boundaries Description

2003

- County: San Bernardino
- Surface Area: 23,200 acres (36.3 square miles)

Summary

The Cajon Subbasin underlies Cajon Valley and Lone Pine Canyon, mostly in Cajon Pass, which is the boundary between the San Gabriel and San Bernardino Mountains. This subbasin is bound by the Upper Mojave River Valley Groundwater Basin on the north along a surface drainage divide and the Bunker Hill Subbasin of the Upper Santa Ana Valley Groundwater Basin on the south. The subbasin is bound by impermeable rocks of the San Gabriel Mountains on the west and the San Bernardino Mountains on the east. Cajon and Lone Pine Creeks drain the valley southward as tributaries to the Santa Ana River.
